Dear Chairman Hunter,

Thank you for your dedication to advancing conservative solutions during the 85th Texas Legislative Session.

Since 2011, Conservative Roundtable of Texas has recognized members of the Texas Senate and Texas House of Representatives who championed the building blocks of our economy—free market principles, reasonable and limited regulations, adequate and reliable infrastructure, an educated and healthy workforce, low taxation, and efficient government—and who delivered results for Texans.

Conservative Roundtable of Texas is pleased to recognize you as a **2017 Effective Conservative** based on your dedicated efforts and votes on 20 important bills and legislative actions in 5 issue areas: *Budget, Taxes & Governance, Business & Economic Development, Education, Health Care & Human Services, and Transportation.*

Please find attached your digital 2017 Effective Conservative award to share with your constituents and the 2017 Conservative Effectiveness Index. Beginning today and continuing into 2018, well-deserved recognition of your achievements will be broadcast by our organization, friends and supporters—as well as your fellow 2017 Effective Conservatives—in an effort to educate tens of thousands of engaged Texans.

Thank you again for delivering conservative results that improve the lives of over 27 million Texans. We appreciate your commitment to effective conservative leadership.

Sincerely,

Robert N. Thetford
